## It Pays To Be Proactive

In a previous blog, we have established the benefits of using Full Synthetic Oil and extending service visits to 5 months or 5,000 miles. Now we can talk about how we can make scheduling easier, maintenance better, and save you money by doing it on time. We are offering you the opportunity to schedule your next visit with us 5 months in advance and receive a discount when you come in on time.

## YOUR NEXT OIL CHANGE

When you pre-schedule your next visit at time of service.

When you visit one of our locations and use Full Synthetic Oil, we will schedule your next appointment 5 months from that date and provide you with a reservation card. If you come in on or before that date, you will receive a 50% discount on your next service. However, we understand that life can get in the way, so we will also offer a 25% discount if you come in within two weeks of your initial appointment.

One of our team members will call you 7 days before your appointment to confirm, and you'll also receive a text message from us. During this call, please let us know if you prefer to use our Pickup & Delivery service at no extra charge, or if you'll be dropping your vehicle off with us. Either way, we're here to make maintaining your vehicle effortless while also saving you some money along the way!

## Softball Day!

With the lovely weather we had in May, the great outdoors practically called us to hit the field! We hit home runs and foul balls, but most importantly, we had a blast! It's always a great opportunity to work as a team outside of the shop too, so getting outside to play a game of softball together was such a fun experience for everyone. Our players showcased their skills and team spirit with incredible catches, impressive throws, and mighty home runs. The competition was fierce, but the camaraderie prevailed throughout the day!

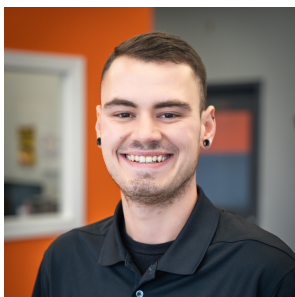

*Happy  
Father's  
Day*

Here's to the dads who can fix anything, except maybe their own dance moves. Enjoy your special day, and remember, you're revving up the engine of our hearts!
