

OCTOBER NEWSLETTER

Free Brake Pads!

You pay for labor and materials and we donate 10% of your total!

As we embark on our annual "Brakes for Breast" campaign in October, we, at Honest Wrenches Automotive Repair, seamlessly combine our automotive expertise with a profound commitment to our community's well-being. By offering complimentary brake pads during this initiative, we transform ordinary brake repairs into a chance for our valued customers to make a difference through donations to breast cancer research. This transformative campaign unites us all in a shared purpose, showcasing the remarkable ability of businesses to drive positive change. Through "Brakes for Breast," we aren't just fixing cars; we're mending lives and setting a compelling example for corporate social responsibility across industries. We look for your help in making this year our biggest donation yet! In 2022 we were able to provide a donation of \$2,624.04
