A Heartfelt Thank You For an Incredible 2023

As we approach the close of 2023, I find myself reflecting on the accomplishments, challenges, and memorable moments that we've shared over the past 12 months. It's times like these that I'm especially grateful for our exceptional team and loyal clients who have been the cornerstone of Honest Wrenches success.

To Our Clients

Your trust and continued partnership mean the world to us. It's not just the business you bring, but your feedback, your encouragement, and your vision that enrich our daily work lives and help us continue to improve and innovate. Your collaboration is not just a transaction but a valued relationship that we cherish and strive to uphold in the coming years.

To Our Team Members

Your dedication, creativity, and resilience have been nothing short of awe-inspiring. You've each contributed to making Honest Wrenches what it is today—a place of integrity, respect, and shared MVP. Every one of you has been instrumental in overcoming the year's challenges and in reaching the milestones we set out to achieve. Your commitment to excellence does not go unnoticed and is deeply appreciated.

Thank you for an incredible year. We wish you a happy, healthy, and prosperous New Year.

**With heartfelt thanks,
Joshua Mullins & Travis Troy**

BNi SPOTLIGHT

Do you suffer from Headaches? Bloyer Chiropractic treats all different types of headaches and has great results! Did you know the number one reason people choose chiropractic is to have their headaches treated? If you have been battling headaches, please consider our office to help you out!

Friendsgiving

Honest Wrenches in itself is our own little family. Just like we celebrate with our relatives, we do with our team, too! Friendsgiving is one of our favorite holidays because we get to give thanks to our chosen family.

High School Career Fair Visits

Honest Wrenches is invested in our community! That's why we attend events like the Valley High School and Saydel High School career fairs. Through these visits we can help educate students on post-graduation options other than college, like federally sponsored apprenticeships with us!

Training & Engagement

We don't want our wrenches to get rusty! To stay sharp, we stay up to date on our team's training to make sure we know all of the best ways to give you the best repair.
