KEEP THOSE TIRES ROLLING

With Tire Rotations:

Incorporating tire rotations into regular maintenance, like during oil changes, helps maintain these benefits consistently.

- Even Tire Wear: Rotating tires regularly ensures even wear across all tires, extending their overall lifespan and saving money.
- Improved Performance and Safety: Even wear leads to better vehicle balance and handling, smoother rides, and enhanced safety due to reduced risk of tire failures.
- Fuel Efficiency: Evenly worn tires reduce engine drag, leading to better fuel efficiency and cost savings on gas.

This Year's MVP - Brian Rush

Our Honest Wrenches team is so fantastic, it makes it difficult to choose an MVP each year! With such stiff competition, it says a lot about Brian and his worth ethic that we chose him out of everyone. Congrats, Brian!

MWACA Holiday Party

We joined the Midwest Auto Care Alliance for some holiday fun! It's always good to get together with fellow small shops, especially ones that think the same way we do. We're all a big family, so we love getting together to catch up on everything we've accomplished this year. Happy holidays, MWACA fam!

Honest Wrenches Holiday Party

It wouldn't be the holidays without our infamous holiday party! We get into so much fun so that we can wrap up the year the best way we can--by spending time with our Honest Wrenches and making great memories together.

Maci's Snowman to Greet Our Customers

We kicked our holiday decorations up a notch this year with the help of Maci! If you visited us over the holiday season, you might've spotted this fantastic work of art!

CONGRATS, JOSHUA!

Joshua, your time in the spotlight has come! Although you've only joined the team this year, you've fit into the Honest Wrenches family just fine. You're an amazing service advisor and always greet customers with a smile, but more importantly, you've become one of our favorite stars to see in What's in the Shop! But we better not find our stapler encased in jello, or we'll know exactly who to blame. Congrats, Joshua!
